C-FB AGT Gifted Gazette E-dition

Mid-September, 2010

This 'in-between' edition of the Gifted Gazette includes some events that have been publicized recently but are coming up soon and we thought you'd be interested in. We know you already have the Picnic (September 23) and Breakfast at Applebee's (September 25) on your calendars! October's Gifted Gazette E-dition will be published early October!

"No Limits" A Free Family Online Family Event Featuring Phil Gordon **September 30**

Brought to you by SENG

SENGinar Family Events are for parents and children, or teachers and students, to watch together. One of the best things we can do for gifted children is give them relatable role models who have experienced great success in navigating the world as gifted individuals and implementing out-of-the-box thinking in their lives.

Phil Gordon, renowned professional poker player, the former host of Bravo's Celebrity Poker Showdown, and a successful serial entrepreneur. On the verge of turning 40, Phil looks back on a life filled with adventure, challenges, and philanthropy. A National Merit Scholar who entered Georgia Tech at 15, Phil began his professional life as a computer scientist, traveled the world, played poker at the top, and today faces his biggest challenge yet: raising two young sons. In this special family webinar event, Phil will share insights and stories from his life of adventure and family.

SENG Parent Discussion Groups Starting

Duke Talent Identification Registration begins **October 1**

For 4th & 5th Graders

Duke provides 'above level' testing which provides our children exposure to tests other than TAKS and provides parents with information about their children.

The Duke TIPS program is separate from school programs so parents must register their children separately.

Ask your teacher, counselor, GT Liaison or AAS specialist. Hotlink can be found at [DUKE](#).

FREE Program on Energy/Climate/Water for Middle School Girls

October 2
Registration Required.

GirlTalk: Energy, Climate & Water in the 21st Century invites Dallas area students and educators to Ursuline Academy's French Family Science, Math and Technology Center for a day of hands-on activities.

Doors at The French Family Center will open at 9:00 a.m. on Saturday for "Breakfast with a Pro" - an opportunity for middle school girls who show interest and leadership in their science classes to meet and get to know a professional working with issues in energy, climate, and water. A short presentation and panel discussion with

October 5

Registration by **Sept 27** Required!

This is a 9 week series of facilitated discussions using *A Parent's Guide to Gifted Children* (by Dr. James Webb). Registrations are needed by September 27 so we can order the book, if you don't have one or have not borrowed it from AAS's lending library. Class size is limited and a minimum number of parents is required to conduct the series.

Contact Melissa Marsh at fishermarsh@verizon.net or Mary Lovell at mlovell@yahoo.com for more information.

Sessions will occur Tuesdays from 9:30 a.m. - 11:00 a.m. at the CLC at 1820 Pearl Street, Building B.
The cost is \$125 for the entire series and includes the book.

faculty from The University of Texas at Austin, and students and researchers from the Jackson School of Geosciences and the Petroleum and Geosystems Engineering Department will occur at 9:30.

The Science Expo takes place from 10:00 a.m. until noon and will feature hands-on interactive displays related to the theme of Energy, Climate & Water in the 21st Century. Tours of The French Family Science, Math, and Technology Center, a LEED Gold facility, will also be given during this time.

More information including how to register is at: <http://www.storeco2now.com/GirlTalk>
